

## PAGEANT COSTUMES READY FOR TONIGHT

Hellenic Gowns and Other Apparel Will Be Distributed for the Coming Spectacle.

A semi-dress rehearsal of the Greek Pageant Drama, "The Fire Rekindled," the last one to be held indoors, will be held tonight at 11:15 H. street north-west, and fully 100 persons will be put through their parts by Manager Leon M. Mosser; Sidney M. Hirsch, the author; Miss Edie Baker, in charge of the dancing classes, and their assistants.

Musical Director Percy S. Foster will lead the chorus and three pianos will take the place of the forty-piece orchestra that will report for the dress rehearsal next week.

The directors say it is important that every member of the cast be present tonight as Mrs. J. B. Bagg, the costume designer, will be there to see every one is supplied with the proper Hellenic costume.

Only the presence of mind of Mrs. Daniel Paul, of 1961 Park road, prevented a serious injury last night to one of the workmen engaged in erecting the facade of the Parthenon at the pageant grounds, 11 street and the Avenue of the Presidents. Mrs. Paul was driving up Florida avenue in her electric brougham when the man, carrying a heavy piece of timber, stepped in front of her car. To avoid striking him she was compelled to run her machine against a water hydrant, wrecking the hydrant and damaging the machine.

## CAUCUS TO HURRY ANTI-TRUST BILLS

Democrats to Meet Tuesday to Expedite Administration's Program.

House Democrats will caucus next Tuesday night on the anti-trust program, the object of the party council being to line up all Democrats behind a plan for early action on the trust bills. The caucus is not expected to approve the bills themselves, but Majority Leader Underwood, after a talk with the President, is anxious to have an agreement among majority members that the regulation of the trusts will be expedited.

It is believed the prohibition issue will bob up at the party caucus, although Mr. Underwood says the caucus is not called to consider the Hobson resolution, recently reported from the Judiciary Committee. If the Rules Committee does not express its willingness to report on the resolution, a prohibition amendment to the House resolution, a prohibition amendment is practically certain to force the matter upon the Democratic caucus.

It is understood that Mr. Underwood is not averse to an early vote on the Hobson resolution for nation-wide ban on the sale of liquor. House leaders generally believe that a vote must come sooner or later and as a compromise majority must be had to adopt the resolution and submit the constitutional amendment to the States, there is a disposition to let the matter come up in the expectation of defeating it.

## Friday Morning Music Club Will Give Benefit

Heinrich Hammer is conducting a chorus of members of the Friday morning Music Club for a benefit musicale to be given tonight at 8 o'clock at the J. Ormond Wilson Normal School, Eleventh and Harvard streets northwest, under the auspices of the Parents' League. The proceeds will go towards the maintenance of playgrounds during the summer. Miss Roberta Allen, Miss Goodwin and J. M. Waters are the soloists.

## House of Play Resumes Afternoon Play Hours

The House of Play, at 430 M street southwest, will resume its weekly play hour tomorrow afternoon at 3 o'clock with the story of "Aqua, the Water Child," which is the story of a little raindrop's journey from a fleecy cloud to the great ocean.

Miss Mildred Anderson will tell the story to the children, and afterward invite them to play the various characters of the little tale.

## LEADS GUILD'S WORK

MRS. TRUMAN H. NEWBERRY, National president of the Needlework Guild of America, who headed the delegates in a visit today to the White House to meet Mrs. Woodrow Wilson, honorary president in the District.

## NEW YORK WOMAN GAVE \$500,000 FUND

Mrs. Archibald Douglas Russell, Benefactress of Cathedral, Bishop Harding Announces.

Mrs. Archibald Douglas Russell, of New York, is the donor of the \$500,000 contribution to the fund for building the Episcopal Cathedral at Mt. St. Alban. The identity of the philanthropist was revealed by Bishop Harding last night at the close of the convention of the Episcopal diocese of Washington.

The gift was the object of much discussion and the names of many millionaires, who had visited Washington in recent months, had been mentioned as probable givers.

Most of the \$500,000 will be used in the construction of the cathedral of the highest point in the District, and the roof of the church will be as high above sea level as the top of the Washington Monument.

The convention was held at St. Margaret's Episcopal Church, and the final session last night was largely taken up with the election of the committee and the designation of deputies to the provincial synod.

The deputies named were the Rev. George H. McGrew, the Rev. C. R. Stetson, the Rev. J. D. Thomas, the Rev. R. Thompson, and J. H. Taylor, S. E. Kraemer, J. L. Weaver, and H. L. Rust.

The Rev. Randolph H. McKim was elected chairman of the standing committee of the diocese, the other members being the Rev. Charles E. Buck, the Rev. C. Ernest Smith, the Rev. George Dudley, and J. H. Woodworth Gordon, Dr. William C. Ross, and W. M. Levin.

It is the most wonderful remedy ever made for ridding the system of uric acid, removing the cause and curing the troubles.

It works right in and cleans out the stopped up kidneys and makes them filter and spit out all the poisonous waste matter from the blood. It reinvigorates and dissolves the uric acid that

## PROHIBITION TO BE A BIG ISSUE IN FALL

Will Be Forced Into Congressional Elections—Members of House Relieved.

National prohibition will be forced into the fall Congressional elections as one of the big issues, according to information today at headquarters of the National Anti-Saloon League. Candidates for the next Congress will be asked to declare squarely for and against the Hobson national prohibition amendment to the Constitution.

This announcement gave some relief to worried House members today. They will not be asked to vote upon the Hobson amendment at the present session, Democratic Leader Underwood is openly against the Hobson plan, a battle which he made and won in his fight in Alabama for election to the Senate against Hobson.

Underwood insists there are enough votes in the present House to defeat submission of the Hobson amendment to the States.

Chairman Henry, of the Rules Committee, today suggested a Democratic caucus on the Hobson amendment, to be held at the White House, with the body to the House itself. His plan met with little favor. Henry's committee is expected to make a special rule, or refusing to report it, designed to take the Hobson amendment from the general calendar and make it a privileged bill before Congress adjourns.

The Hobson amendment, if adopted by Congress, would not make the whole country "dry" at once. The drought would not occur unless two-thirds of the States ratified it. The Hobson plan being merely for submission of the liquor question to the several States.

## Body of Gen. Sickles Is On Way Here for Burial

Funeral services for Gen. Daniel E. Sickles were held at St. Patrick's Cathedral, New York, today. The body of the hero of Gettysburg was then taken to the Pennsylvania Terminal and is now on the way to Washington for burial. The Twelfth Regiment of the National Guard formed an honor guard for the funeral procession from the Sickles home to the Cathedral.

The body will be met at Union Station by a military guard which will stand watch until tomorrow morning, when burial will be made at the National Cemetery at Arlington.

## Pneumonia Threatened John D. Rockefeller, Jr.

NEW YORK, May 8.—John D. Rockefeller, Jr. has been very ill with a heavy cold that at times threatened pneumonia. He was taken to the Catholic Hospital. All his family were ill with colds first, and then he was taken down.

It is said he is improving and expects to be able to return to business in New York the first of next week. Heavy guards still do duty at the Catholic Hospital. No "mourning" have appeared for several days.

## To Entertain Blind.

Two entertainments are announced for the blind for next week, to be held at the National Library for the Blind, 1215 H street northwest. On Monday, May 11, at 8 p. m., Mrs. Ralph P. Barnard, contralto, with Miss Lucy Brickensell at the piano, will give a concert. Miss Mary Lawrence will read a group of stories on May 16, at 2:30 p. m.

## COLONEL WILL NOT BE G. O. P. NOMINEE

Roosevelt Says If He Decides to Run It Will Be on Progressive Party Ticket.

PARA, Brazil, May 8.—Col. Theodore Roosevelt will not run for President on a Republican ticket in 1916. He made this clear when he declared that, although he had not yet considered being a candidate in that year, if he did decide to run it would be on a Progressive ticket.

"I can't swallow the Republican bosses," he said.

Colonel Roosevelt intends to take an active part in the fall campaign, but he will not run for any office in New York State. His activity in politics will be resumed after the wedding of Kermit Roosevelt in Spain. In the meantime the colonel will recuperate from the effects of his journey of exploration in Brazil.

The colonel was still weak when he embarked on the Alden for New York, but said he was hopeful that the sea voyage would restore him to health.

"The trip along the Duvida river nearly cost me my life," said the colonel, "but I am glad I made it, even though ill and many times on the verge of starvation."

## NEW YORK, May 8.—George W. Perkins, national chairman of the Progressive party, declared that the party would place a Presidential ticket in the field in 1916. He made this statement after reading the dispatch from Para, Brazil, quoting Col. Theodore Roosevelt as refusing to consider a nomination by the Republicans, and saying that if he became a candidate it would be only on the Progressive ticket.

Reports on the progress made by the committee in charge of the Brookland rose show, which is to be held the last of this month, and the committee arranging for the Fourth of July celebration, will be made tonight at the meeting of the Brookland Citizens' Association, in the Brookland Masonic Temple. The schedule of streets to be recommended for the next District appropriation bill also will be announced.

The meeting will close the association's activities for the summer.

## To Debate Socialism.

"Resolved, That Socialism is the only solution of our present economic problems," will be the question debated by Central High School teams, under the auspices of the Young People's Socialist League, at the Public Library tonight at 8:15 o'clock. The affirmative team consists of E. O. Milton, David Davis, and Frank K. White, while the negative consists of C. A. Hedlin, G. W. Welkert, and B. Hamilton. A medal will be awarded to the best speaker.

John D. Sr. played golf with four friends, including George Ruddy, of Cleveland.
